THE MARRIED WOMAN'S PRIVATE MEDICAL COMpanion—By Dr. A. M. Mauriceau, Professor of Discases of Women. Trentieth edition, 16mo, pp. 253. Price, 31. Years of suffering, of physical and mental anguish, to many an affectionate wife, and pecuniary difficulties to the husband, might have been spared by a timely possession of this work. It is intended especially for the married, or those contemplating marriage, as it discloses important secrets which should be known to them particularly.

Here, also, every female—the wife, the mother—the one either budding into womanhood, or the other in the decline of years, in whom nature contemplates an important change, can discover the causes, symptoms, and the most effecient remedies, and the most certain mode of cure, in every complaint to which her sex is subject. (Extract of a letter from a gentleman in Dayton, Ohio)

Dr. A. M. MAURICEAU, 129 Liberty street,

My Pear Sir—My wife has been perceptibly sinking for some three years or more, in consequence of her great anguish and suffering some months before and during her confinement—every successive one more and more debilitating and prostrating her, putting her life in imminent danger, and which was, on the last occasion, despaired of. I supposed this state of things was insvitable, and resigned myself to meet the worst. At this time, (now about two months,) I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal, I caunot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Dasomenux provided a remedy. It opened a prospect to me which I little conceived was possible. But for this, ere another year would have been in her grave, and my children motherless.

It is, of course, impracticable to convey
